CHARTER SCHEDULED FLIGHTS

Market Focus in Europe

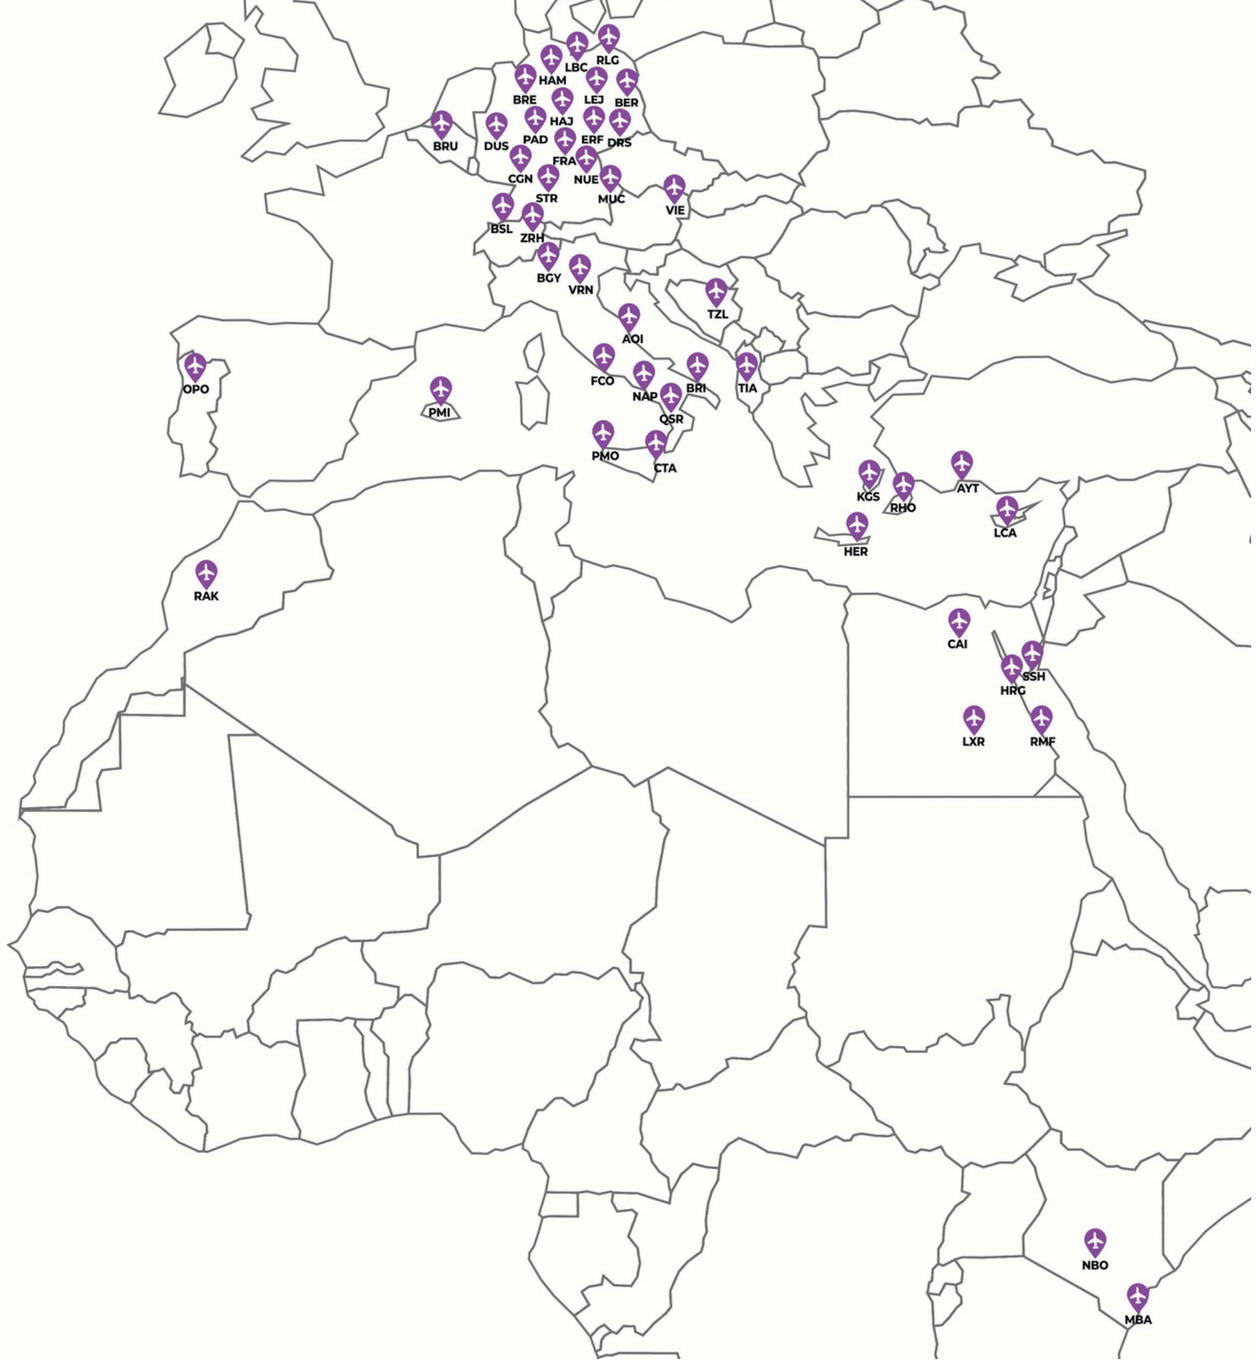

We are experts in the DACH region (Germany, Austria, Switzerland) and the Italian market, operating consolidated charter flights in partnership with major tour operators.

Competitive Pricing Year-Round

Attractive offers available in both high and low seasons, tailored to customer requirements and budget.

Global Network & Direct Airline Access

Strong international connections and direct airline partnerships ensure the best possible quotations and conditions.

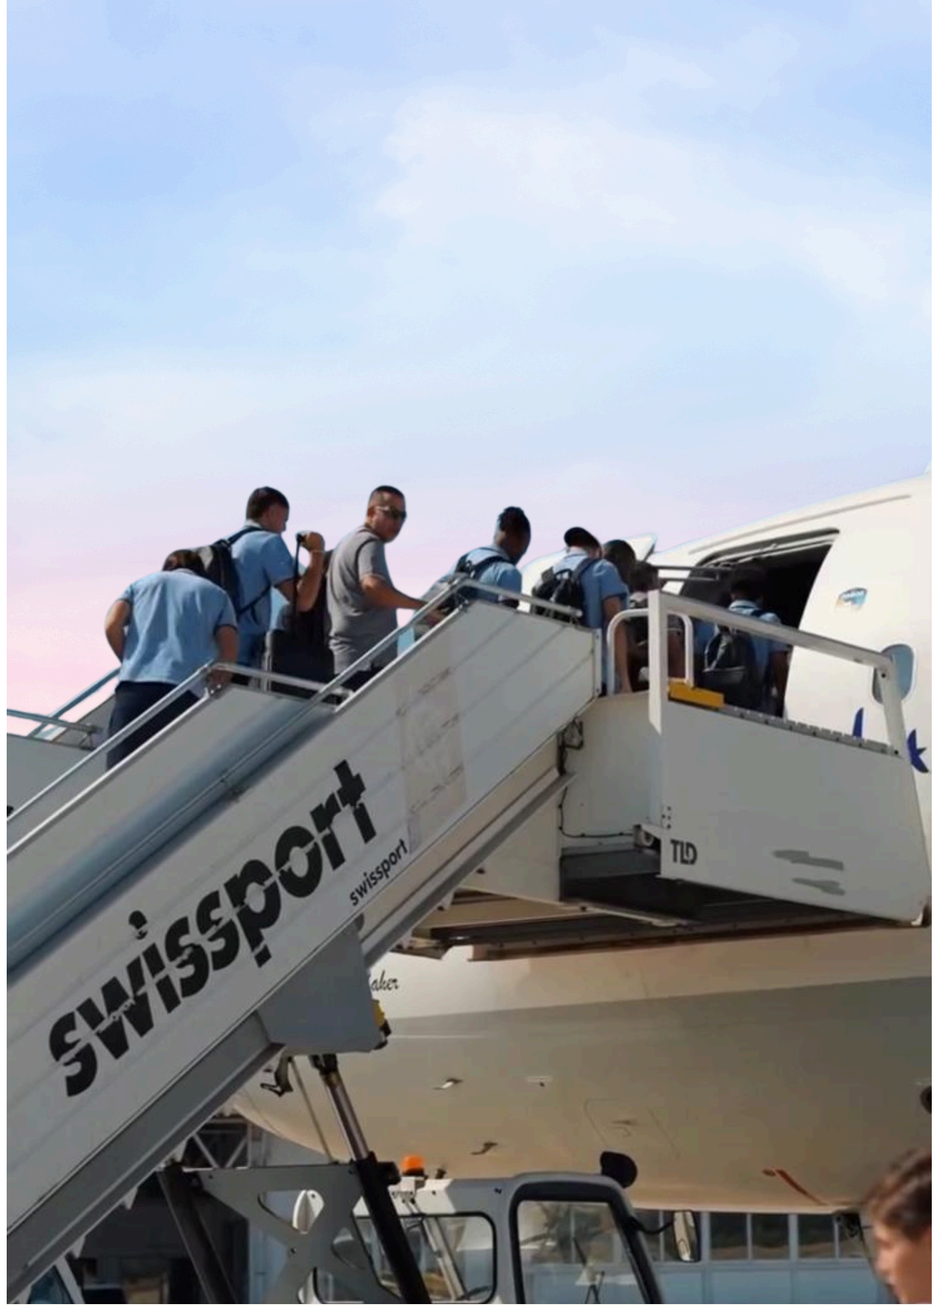

CHARTER FLIGHTS

We provide commercial passenger charters for a wide variety of purposes :

- Sport Clubs / Football Clubs
- Corporate Groups / Incentive Flights
- Orchestra Flights
- Special Groups / MICE Flights
- International Tourism / Holiday Charter
- Government Transportation / Military Flights
- Material Air Transportation / Cargo Flights

Charter flights are time saving, comfortable and economical ways of getting around. In fact, based on the size of the charter aircraft, it is often possible to cut the costs by flying to another airport closer to the desired destination.

We can always negotiate attractive prices and conditions. Our proposals are free of charge and independent of a possible conclusion of a contract.

ACMI

Flexible Aircraft Leasing Options

Long-term and short-term wet leases, as well as dry leases, to match customer requirements.

Comprehensive Aircraft Sales & Financing

Support with aircraft sales, purchase, provision, and financing to simplify ownership and transactions.

Reliable Contract & Operational Support

Negotiation of the best contracts, plus arranging replacement aircraft, permits, handling, fuel, crew, and passenger services in case of AOG.

GENERAL SALES AGENT

Strategic Growth & Profitability

Implementation of coordinated business strategies and marketing plans to maximize revenue and productivity.

Market Intelligence & Competitive Edge

Continuous monitoring of competition and market trends, with proactive recommendations for long-term growth.

Process & Technology Optimization

Ongoing improvement of business processes, systems, and technology to ensure airline objectives are met effectively.

PRIVATE FLIGHTS

Seamless Private Flight Solutions

Complete organization and provision of private aircraft for personal, business, or family trips.

24/7 Dedicated Expert Support

The Swiss Group International team is available here 24/7 to plan, organize and carry out your individual trip. All aspects related to safety requirements, comfort and cost-effectiveness are taken into account by us all the time.

Uncompromising Safety, Comfort & Efficiency

Highest standards in safety, comfort, and cost-effectiveness for frequent travelers.
